## Technology & Workholding Systems

### Digital Pneumatic Dispenser with Dispenser Adapter Assembly

P/N 72006

Featuring simultaneous digital display of all dispenser settings and time adjustment as fine as 0.0001 seconds, dispenser brings exceptional process control to BlueGrip™ workholding adhesives, and other critical dispensing processes.

The high precision dispenser has a 0-100 psi (0-7 bar) pressure regulator that is suitable for all adhesives. The dispenser has 0-15 psi (0-1 bar) pressure regulator that provides greater control when dispensing adhesives.

Both units feature constant-bleed air pressure regulation, which makes adjusting the pressure setting more intuitive. Highly accurate regulation of air pressure makes the dispenser reliable and easy to use.

#### Features

- Foot-operated adhesive dispenser
- All-digital, multi-function display
- Multilingual display options
- Operator security lockout
- 16 memory settings and a 4-decimal time setting
- High-speed solenoid for highly accurate deposits
- Dispenser adapter assembly (P/N 75880) required to operate dispenser
- Universal power supply

#### Benefits

- Digital display of all dispensing parameters for better process control
- Save up to 16 dispensing programs to easily transition from one type of application to the next
- Time setting adjustments  $\geq 0.0001$  for a higher level of precision
- Operator lockout to help maintain a consistent process
- Universal power supply and multiple language display options for worldwide use and support
